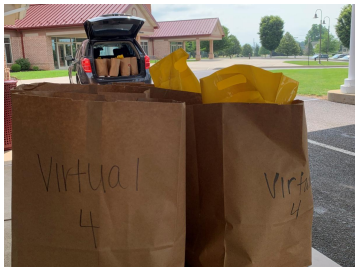
Summer Camp 2021

Summer Camp is almost here and we're ready for you!



Summer Camp 2021 officially starts on MONDAY, and we could not be more excited to welcome you in person! This past Monday, we welcomed virtual summer camp participants at LCBC Manheim for a drive-through supply pick-up where they were welcomed and cheered on by Aaron's Acres staff.

Jackie's thoughts on camp this summer:

"This summer is going to be one that is so special because although I have been able to see the smiling faces of our participants through Zoom over the past year, I just cannot wait to actually see them in person and how much they have all grown. I have watched some of these participants grow up for the past 15 years and it is just so fulfilling

Feature Site Supervisor: Jackie

"I began my amazing journey with Aaron's Acres as a Millersville student in 2005. After deciding that it was a life changing experience for me, I continued with the program during the summer camp and have not looked back since. I have been through it all, from student, to counselor, to group leader, to now entering my 4th year as the site supervisor in Lancaster. I graduated from Millersville University in 2006 with a dual degree in Elementary and Special Education, and also have a certification in Middle School Mathematics. In 2012, I received my Master's Degree from Wilkes University in Classroom Technology. During the school year I work as a Special Education Consultant for the Lancaster-Lebanon IU 13, working in Secondary, Center-based Emotional Support. In my free time I enjoy spending time with my family and friends, whether that be at the beach, attending sporting events, or just gathering together and catching up. Aaron's Acres has been a place of release for me, to be able to give back and interact with so many incredible kids and young adults. Each and

to be able to see and interact with them in person again. Their smiles and enthusiasm make me smile and that is why I continue to come back each year!"

every child that we serve puts a smile on my face. I look forward for the opportunity to continue working with these amazing kids and young adults for years to come."

20 FOR 21 CAMPAIGN
The members of this specially recognized group each commit to making a gift of $5,000 to help Aaron's Acres reach its annual fundraising goal; supporting programming, staff and scholarship needs.
