

June Newsletter

It's Time For Camp!
Aaron's Acres summer camp begins soon and the staff are getting ready.

Staff Orientation and Training

We spent 3 days preparing and training staff to ensure the best experience for the participants of Aaron's Acres.

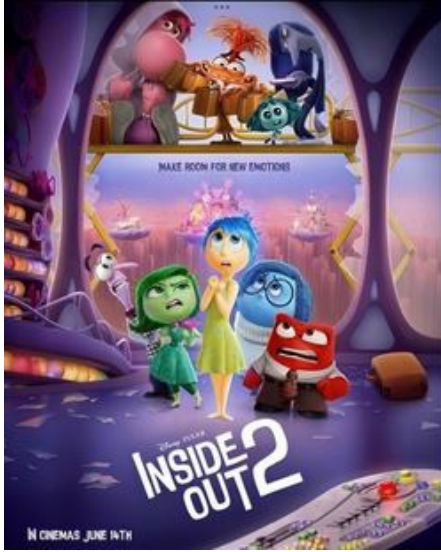

Supervisors, Group Leaders, Counselors, Buddies and Nurses spent time together reviewing policies, building team comradery, and prepping all of the summer activities. We learned all we could about the participants and are excited to get started.

Throughout the year many individuals and businesses donate craft items and funds to assist with purchasing craft and food items for our programs.

Cut, paste, glue and organize!
During our staff orientation sessions, we prepared all of the camp crafts and activities.

Team building is an important item on the staff orientation schedule. We take time to get to know each other, so that once camp begins we can put all of our focus on the participants.

Penn Cinema offers Sensory Friendly showings all year long. To create a welcoming environment for everyone, lights will remain up and the sound will be turned down. Talking and moving about is also welcome.
