

New Programs!

2025 has brought us the start of many new programs. Social Scene is a social outing group for 18 to 40 year olds. They started the year off getting to know each other with a fun and introductory game time, then visited the Lancaster Science Factory, made lasagna and all the fixings and finished the month with a pottery class at Lancaster Creative Factory.

We can't wait to see where else the group will travel to, who they will meet and how they will build their social and communication skills together.

For more information about this group, please contact our Program Coordinator, Madison Heider at madisonheider@aaronsacres.org.

Let's Make Conversation Hearts!

These salt dough conversation hearts can be used in a variety of ways! Glue a magnet on the back and stick them on the fridge. Or, you can add them to the front of a homemade Valentine. You could even display them in a bowl as a centerpiece on a table. Your kids will love helping to make this easy Valentine's Day craft!
