

## Calling All Alumni

Aaron's Acres is excited to announce that we are creating an Alumni Group of all past buddies, counselors, group leaders and site supervisors! Since 1998, we have grown tremendously in providing meaningful programs to children and young adults with disabilities. We have been able to grow because of your past involvement. Our reputation is so positive because of the work that you did while at our programs. Feedback from families and visitors has always focused on our staff and buddies. So, thank you for getting us to this point.

While you work with us, you are such an integral part of the team and then, for one reason or another, our time together comes to an end. We want to change that outcome and have you continue to be a part of us in a way that works for you. By creating an Alumni Group, we would invite you to a few social gatherings during the year (on us)! In addition, we would ask you to join in on conversations on social media and share the Aaron's Acres happenings. Having you share our activities, and our story would be extremely impactful as you would be reaching out to your peers and colleagues! In this way, the outreach would be considerable.

Our hope in creating this group is that you will be interested in being connected to Aaron's Acres, beyond your employment and reconnect with old co-workers and friends in a fun, social way. We would love to have you join us in this new endeavor.

More information coming soon!

**Will You Be An ExtraGive Fundraising Champions**

On November 22, you can join thousands of people from across our community in support of more than 400 local nonprofit organizations during the Lancaster County Community Foundation's ExtraGive event. We hope you'll consider Aaron's Acres during this exciting day of giving and you can also sign up to become a Fundraising Champion, helping to spread the word and encouraging others to support our mission!

TOPIC: Understanding the IEP Process  
DATE: Wednesday, November 20  
Time: 5:30-6:30pm  
SPEAKER: Dr. Ellen Long

JOIN AARON'S ACRES FOR A

## VIRTUAL SEMINAR

with Dr. Ellen Long

*"Understanding the IEP Process"*

Wednesday, November 20  
from 5:30 to 6:30 PM EST

This seminar's goal is to better understand the IEP process and comprehend your role as your child's advocate. Having basic knowledge of this process and knowing what you are able to request for your child can be good first steps as you navigate your child's educational journey.

Dr. Long is an Associate Professor at Millersville University in the Special Education Department and has been at MU for 20 years. She has advocated for individuals with disabilities her entire career, in many different capacities, including a classroom special education teacher, vocational rehabilitation counselor, and special education college professor. Her expertise is in the transition of youth with disabilities and writing Individualized Education Programs.
