

Elizabeth Gable

Amy Grube

Welcome!

Aaron's Acres is excited to welcome Elizabeth Gable as our Administrative and Development Coordinator. Prior to joining our organization, Elizabeth was the Executive Director of Hands-on House Children's Museum. There is no doubt that she brings a considerable amount of experience to Aaron's Acres, and we can't wait for her to experience camp through our families, participants and staff this summer. She is already deeply involved with our upcoming golf outing and communicating with our sponsors, volunteers and golfers! We look forward to having her meet all those who are a part of the Aaron's Acres' community in the coming months.

We also are excited to welcome Amy Grube to our Board of Directors. Amy is a graduate of Penn State University with a BS in elementary education and a MS from Millersville University in reading with a reading specialist certification. She worked in public education for 20 years and currently serves as the Preschool Director at Trinity UCC in East Petersburg. Amy has been involved with our organization for many years, almost from the beginning of its creation. She was an active member of Junior League of Lancaster when they

partnered with Aaron's Acres in developing and implementing its monthly school year program. For years, she planned and created the monthly activities which our participants enjoyed, resulting in wonderful memories for them. Throughout the years, Amy has always been a generous donor as well as an active and committed volunteer who assisted with events and outings to benefit our organization. It was definitely time to have her officially join our board of directors. Everyone at Aaron's Acres feels most fortunate to have her in this new role!

PROGRAM FUN!!!

Q-tip Daisies

Cotton swabs are not just for your ears.

This Q-tip craft is adorable and a great way to work on fine motor skills.
