## Summer Camp 2025

Summer Camp is just around the corner—less than two weeks away! We're thrilled to welcome both new and returning participants and staff for what promises to be a wonderful summer.

This summer will be all about building friendships, trying new things, and creating lasting memories in a supportive and fun environment.

Our dedicated staff have been working hard to prepare a safe, engaging, and inclusive experience for everyone. We can't wait to see the camp community come alive with energy and laughter.

Let the countdown begin!

## Look What's New This Summer!

This summer, we're launching an exciting new program designed specifically for adults with disabilities ages 22–40—a Summer Camp that blends the best elements of our *Social Scene* program with the joy and energy of our traditional summer camp. Held at the LS YMCA in Lancaster, this six-

day experience (July 8–10 & 15–17, from 9:00 AM to 1:00 PM) offers participants a chance to build connections, explore new activities, and enjoy structured social time in a fun, inclusive setting.

With a 1:4 staff ratio, we're creating a supportive environment where adults can engage, grow, and make the most of their summer.
