

The First Session of Camp Was a Blast!

The first session of summer camp has already come to an end - but what an amazing two weeks it was! With both new and returning participants and staff, session one was nothing short of amazing.

Over these past two weeks, participants engaged in so many fun and exciting activities, like learning about and petting reptiles, riding horses, dancing and singing with Papa Tater, staying cool in the pool, and so much more!

With two more sessions to go this summer, our dedicated staff and volunteers are excited to help create more smiles and more memories that will last a lifetime.

“Camp has been a life changing experience for me.

I did camp for the first time last year and I came back because I loved it so much. Experiencing this kind of work is so much more impactful than just reading about this type of work! I am grateful for this opportunity. I have learned so much and have grown so much!” – Counselor

Our 15th Annual Golf Tournament Fundraiser Was a Success!

On Monday, June 9th 2025 we had our 15th Annual Golf Tournament Fundraiser. Thank you to every golfer, sponsor, and supporter who helped us reach a total of **\$140,450!**

Held at Bent Creek Country Club, Aaron's Acres spent the day with so many folks from the community, golfing, laughing, connecting, enjoying the sunshine, and sharing a dedication for supporting our mission.

We were joined on this exciting day by our friends from the Golf Association of Philadelphia as they guided some of our participants in using their adaptive golf equipment.
